May

## Resources

### *K-12 Advanced Learning Labs*

Advanced Learning Labs are aligned to a concept as well as the NC Standard Course of Study. With each Advanced Learning Lab, students explore logic puzzles, go on field studies, engage in research explorations, participate in mindfulness activities and continue engaging with math and literacy. These were originally created for remote learning opportunities and are here for you to use to engage and challenge your students at home. This month's concept is [Balance](#) (English). [Equilibrio](#) (Spanish)

## UPCOMING EVENTS

Erin Horton – Elementary AIG Specialist [ehorton@haywood.k12.nc.us](mailto:ehorton@haywood.k12.nc.us)

Jessica Harris – BMS AIG Specialist [jharris@haywood.k12.nc.us](mailto:jharris@haywood.k12.nc.us)

Dana Miller – CMS AIG Specialist [damiller@haywood.k12.nc.us](mailto:damiller@haywood.k12.nc.us)

William Yates – WMS AIG Specialist [wyates@haywood.k12.nc.us](mailto:wyates@haywood.k12.nc.us)

Can you tell the temperature by listening to the chirping of a cricket?

Can an octopus get to know you?

What's up with zombie ants?

These and many other crazy questions about phenomena can be explained scientifically.

Check out **Everyday Mysteries: Fun Science Facts** from the Library of Congress!! Everyday Mysteries will help you get the answers to these and many other super interesting questions through scientific inquiry.

## Summer Opportunities

### WCU Summer Day Camps

(MountainExplorers, Lego, Forensics, Engineering)
