Anne G. Garrett, Ed., D.
Superintendent

Please read this document carefully before signing.

Computer networks and Internet access are available to staff in Haywood County Schools. Our goal is to promote educational excellence by facilitating resource sharing, innovation, and communication. The Internet is a global network connecting millions of computers all over the world. On a global network it is impossible to control all materials, and users may encounter objectionable material. HCS has taken precautions to restrict access to inappropriate materials and believes that access to valuable information and interaction available through the network outweighs this possibility. Internet access is coordinated through an association of government agencies and regional and state networks. Smooth operation of the network relies upon the proper conduct of the users adhering to guidelines and responsibilities.

Please read the following and sign below

I have read and understand the rules and consequences for using the Haywood County Schools network.

I understand that my technology use will be primarily for educational purposes.

I understand that I am expected to abide by all HCS policies for Internet and computer use.

I understand that it is my responsibility to monitor student activity and promote an understanding of ethical behavior and Internet safety for all students.

I understand that violation of these rules may result in restriction or cancellation of my account or other disciplinary action.

I understand that my access to these tools is not private and that HCS technology staff may monitor my account.
