

SAVE THE DATES!!!

Dear Parents/Guardians of 3rd, 4th, and 5th grade students,

Our goal is for your child to pass the End of Grade tests the first time they take them in June. The following dates have been scheduled for our End of Grade Tests:

- June 2nd: EOG Reading
- June 3rd: EOG Math
- June 9th: EOG Science (5th grade only)

**Students with multiple tests sessions will test on multiple days.

However, we are fortunate that Clyde Elementary is providing a summer school program that offers a great opportunity for your student to sharpen their reading, math, and science (5th grade only) skills. At the end of the summer program, your child will be able to take any test they did not pass the first time.

- June 15th: First Day of Summer School
- Morning sessions
- 8 days
- A snack will be provided daily

Your child's teacher will contact you once testing scores are received to determine your child's eligibility. More specific details will be coming after we receive the testing results in June. If you have any questions or concerns, please don't hesitate to contact the office.

Sincerely,

Clint B. Conner
